Notes

- 1. Please make sure you give the correct sort code and account number as we are only liable for carrying out your instructions in line with those details, no matter what other information you provide on this form.
2. Standing orders will be sent through the Faster Payments Service, as long as the financial institution receiving the payment is a member of the Faster Payments scheme and the amount is less than £100,000. This means that the payee's bank will receive the payment on the same day the payment is sent and not three business days. If the financial institution is not a member of the Faster Payments scheme, your standing order will take three business days to reach them. Your branch will be able to tell you if the financial institution you want to send a payment to is a member of the scheme. For more information on the Faster Payments scheme, see our website at www.northernbank.co.uk.
3. If you want to cancel this standing order or any payment due to be made on a future date, you must contact us no later than the business day before the day the payment is due to be paid.
4. Fees and service charges may apply if there is not enough money in your account on the day the payment is due to be made. Ask your branch for details.
